TROLLEY FOR FIRE BLANKET

Code : 2931-30

This trolley is a compact and efficient solution specifically designed to transport the largest fire blankets. Weighing around 40 kg when loaded, is easily maneuverable by a single person, thanks to its durable wheels and internal straps that secure the blanket. The trolley also comes with a Velcro strip, allowing an easy opening and fast access to the fire blanket.

Supplied with instruction manual.

TECHNICAL SPECIFICATIONS

Dimensions : ~ 105x45x25 cm , with handle 134x45x25 cm
Material : coated PVC on both sides
Shelflife : If properly preserved the trolley has a useful life of more than 25 years

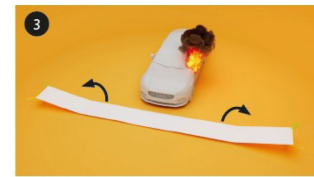

INSTRUCTIONS FOR USE

Place the bag with blanket in the front or behind the car.

Open the bag fully and loose the straps around the blanket.

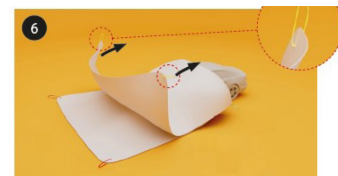

Unfold the blanket in the width, the green loops must be at the top.

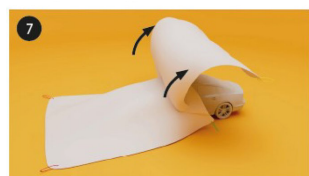

Take the green loops for the first part of covering the car lengthwise.

Pull the green loops, the first half of the car is covered.

Take the red or yellow loops (depending on which one is above) for the second step.

Pull the second part of the blanket over the car with a wave.

Straighten the blanket to make sure the blanket touches the ground around.

Moisten the blanket to make it nearly gas and smoke tight.
